Chapter 1:

Get on God's Side in This Spiritual Warfare

Are you troubled by evil spirits or demons? You don't have to live this way any more. Jesus Christ gives us authority over the unclean spirits!

In this book, I answer the most common questions I get on a daily basis about spiritual warfare, what it is, who is involved, and what to do if you find yourself a part of it and don't know what to do next.

What Are Demons?

Demons are evil spirits who chose not to serve God. They chose to disobey God and side with Satan, the Devil, and were thrown out of heaven and down to the Earth. (Revelation 12:9)

Demons are also called spirits, ghosts, unclean spirits, evil spirits, haunts, spooks, specters, and devils. In addition to these general description names, they each have names just like you and I do. There are so many demons with such a numerous amount of names that I included an entire chapter to list them out. It is always a good idea to know who you're dealing with.

Demons are alive. They are living creatures that walk, fly, breathe, smell, talk (in all languages), and have many powers.

What do Demons do to People?

A better question is, “What *don’t* demons do to people?” Most people know that the devil is responsible for all the evil in the world, and the demons are his workers, his messengers, his henchmen, his criminals, his everyday helpers. They are everywhere you go and around everything you do. Evil is everywhere, and behind each bad thing is one or more demons making sure it happens according to their plans and schedules.

They can make people sick with any and every possible disease. They can make people die a slow painful death or a sudden unexplainable death.

Demons can make your car not start during an emergency, they can cloud your mind and make it impossible for you to pray when you’re trying hard to talk to God, they can even put a crime in someone’s mind and a weapon on the ground in front of them in a moment’s time.

They can make your babies die over and over (one poor woman I helped had a spirit of death which made her miscarry every time she got pregnant), they can cause generational curses making entire family lines die tragically from rare diseases.

Have you ever had a horrible thought in your head that you couldn’t get out? Evil spirits can plant ideas and thoughts in people’s minds, even give them dreams of bad things happening to their family night after night. In short, demons help or make all the bad things in the world happen.

Why do Demons Want to Hurt Me?

Demons want to keep you far away from God, so that you can not get saved, or if you're already saved, so that you can't stay close to God and do His work.

Many Christians find that the more they draw close to God, pray, and read the Bible, the more trouble they have with evil spirits harrassing them. This is easy to understand, since the closer to God you are, the more of a threat you are to the devil.

If you are filled with the Holy Spirit and share the good news of the gospel with others who don't know Jesus yet, you're making it harder for Satan and his demons to lead people away from the Lord. You can believe that the evil spirits will try to make as much trouble for you as they can.

What is Deliverance Ministry?

Deliverance ministry is what I do. Deliverance is also called expelling demons, casting out demons, demon fighting or demon busting. What this really means is to use God's power and Jesus' authority to force an evil spirit to leave a person, place or thing.

Deliverance is a specialty for some Christians and an *ability and responsibility of all Christians*.

Do You Need Someone Else to do Deliverance for You?

The simple answer is no. Every person has the authority and ability to pray or say a deliverance in Jesus name (Luke 10:19). There are exceptions to this, though, because sometimes a person is not able to cast out their own demons. Here are a few examples:

If a person is bound by a demon (impaired speaking, thinking, inability to pray or even say the name of Jesus), they sometimes cannot physically or mentally cast the demon out themselves. This is a common situation for people afflicted by demons.

- If a person does not know what to do to cast out their demons, they cannot help themselves and need to find information or a Godly person to help teach them. This is a common situation for many people in countries where Christianity is not a popular religion and they may not know God or Jesus.
- Some demons are simply too strong or powerful for one person to cast out alone. Not only that, but rarely is a person only troubled by one demon.

When a group of demons takes up residence with one person or house, I call this “being infested” because they often bring more and more spirit friends. In Mark 5:9, Jesus cast out a huge amount of demons from one man, “*Then Jesus asked him, “What is your name?” “My name is Legion,” he replied, “for we are many.”*”

A person who is infested with a large number of demons may have to go through hours of deliverance to get all of the spirits to leave. I've been in deliverance sessions that take as short as 30 seconds or as long as 2 hours. Some spirits are very persistent and must be broken down by quoting scripture over and over.

Other spirits will not come out unless you prepare first with prayer and fasting. Jesus enlightened the disciples, who could not expel the evil spirit from a little boy, "*He told them, "This kind can come out only by prayer and fasting."*" (Mark 9:29, International Standard Version Bible)

Deliverance is every Christian's job and responsibility! This is the reason that all my materials, including this book, are designed to *teach you* how to clean yourself of all of your own demon problems first, then have the knowledge to help others afterwards.

However, sometimes you need help. Find another Christian who can stand by you as you tackle your first deliverance. It is wise to have someone with you who can take over in case you can't continue.

Chapter 2:

First Things First: Get Rid of the Spirits Now

If you are reading this book, chances are that you feel that either you, someone you love, or something you own is being bothered by evil spirits, demons, or fallen angels. If this sounds like your situation, you're not alone. People contact me every day and from all countries in the world with internet access asking for help with this very problem.

In this chapter, we go through quick steps to handle the problem right now. Then you can keep reading the book for more in-depth answers, explanations, and situations of people just like you.

Step 1: Bind

Right away, let's bind the spirits together. If it is for someone or something else, simply substitute their / its name in the passage below. Read this out loud now:

"You unclean spirits inside me, I bind you in the name of our Lord Jesus Christ and by his power and authority. I bind you in heaven and on earth as it says in God's Holy Word in Matthew 16:19, 'I will give you the keys of the kingdom of heaven; whatever you bind on earth will be bound in heaven, and whatever you loose on earth will be loosed in heaven.' I cast you out in the name of my Lord Jesus Christ because I am a servant of the one true living God."

Step 2: Find the Strongholds

The one important thing that might have been overlooked is a secret sin or wrongdoing from your past (or your ancestors' past) that is still giving spirits a right to bother you. However, once you find out what that thing is, you can repent from it and ask God for forgiveness and be forgiven for that wrong forever!

Start looking into your past for the following things from you or your relatives (4 generations back):

- Any addiction (doesn't have to be something illegal). This could include coffee, food, drugs, alcohol, cigarettes, animals, or even a person.
- Witchcraft, occult, using a Ouija board, tarot cards, being involved in zodiac and astrology, holding superstitions
- Ancestor worship, making a shrine to your relatives
- Praying to anyone or anything other than the one true God (praying to Santa Claus, praying to the Virgin Mary)
- Pornography or other sexual sins (sex before marriage, having affairs, lustful thoughts, etc.)
- Crimes against others or **by others done to you** (stealing, lying, murder, abortion, sexual assault or abuse, etc.)
- Being involved in non-Christian worship: Calvinism, Santeria, Wicca, Voodoo, Hoodoo, etc.

- Being part of a secret society: Ku Klux Klan, Knights Templar, Shriners, or other groups where you are involved but don't find out the "true secrets" of the organization until later
- Holding a grudge against someone or not forgiving someone for a wrong against you

Any of those things can create a stronghold, or a way in, for the devil and his demons. Until we find out those strongholds, repent of them (or renounce them in the case that it was something an ancestor has done), Satan and his demons will have the right to keep coming back and hurting you.

Once you find out what one or several of your strongholds are, write them down. You'll use these to fill in the blanks when you read the deliverance prayer in Step 3.

Step 3: Deliverance

You can use the deliverance prayer on the following pages to read out loud for yourself or create one of your own. My deliverance prayer is several pages long, but very thorough, and covers all the bases to help get out the demons which may have been hiding for a very long time.

If you need to change the deliverance to use for someone or something other than yourself, just change the words accordingly. One woman had spirits haunting her house after she had new windows installed, so she had to change the words to cast demons out of the house and specifically out of the glass windows.

Make sure you have another Christian with you while you read it out loud.

Self-Deliverance Prayer to Cast Demons Out of Yourself

In the name of the Lord Jesus Christ and with the blood of Jesus, I bind any demons in me in heaven and on Earth, in Jesus' name and with his power and authority. Joel 2:32 says, "And it shall come to pass, that whosoever shall call on the name of the Lord shall be delivered."

I believe that Jesus is the Son of God and the only way to God and that he died on the cross for my sins and was resurrected so that I might be forgiven and saved.

It is not through my actions, but through Jesus' sacrifice as my personal savior and God's grace that I have been saved. As a true Christian, I serve God completely to do His will.

I renounce all pride. I confess and repent of all my sins before You, Lord, and ask Your forgiveness. I also confess these sins that I have never confessed before: (list any secret sins here).

I forgive everyone who has done wrong to me. I forget resentments and grudges against all people. I forgive these people that I have not forgiven before: (list people not forgiven before here), since the Bible says that no one's sins can be forgiven unless they forgive others.

I renounce all involvement I have ever had with the occult and false religion, including fortune tellers, witch craft, magic and sorcery. I will throw away all items I have associated with these things which God hates.

Galatians 3:13 tells us that on the cross Jesus was made a curse that we might be redeemed from every curse. “Christ redeemed us from the curse of the law by becoming a curse for us, for it is written: “Cursed is everyone who is hung on a tree.””

Based on Jesus’ sacrifice, I ask You to release me from any curses upon me or my family and set me free to receive the deliverance that I need from Satan and his demons.

Father, please forgive me for any sins that my ancestors committed and break any generational curses.

I take my stand with you, God, against Satan and all his demons. Jesus, please come into my heart and cleanse me with your blood. I submit to you, Lord, and resist the devil and he will flee. Amen!

Now, you evil spirit that is in me – I’m talking to you now. I am speaking to any demons that are in or have control over me. What is your name? In the name of the Lord Jesus Christ, I command you to answer me.

(Wait for answer.)

When and how did you enter me? I command you to answer me by the authority of the Lord Jesus Christ.

(Wait for answer. If it tells you how it entered, you must renounce that event out loud and repent. If it still doesn’t answer, continue reading and address it as “unclean spirit” instead of its name.)

(Demon's name), I command you to leave me now. I cast you and all other demons out of me in the name of the Lord Jesus Christ and the One True Almighty God. You must leave me now- I am a house of God. I rebuke you evil spirits in the name of the Lord Jesus Christ and I cast you out by the authority of God and the power of the Holy Spirit.

(If they don't go out, get down on your knees and pray this:)

"Dear God, I am Your servant and want to be free from evil spirits. I want to serve you and beg you to drive out these evil ones from my body and keep them away. Please send an angel to fight for me and the Holy Spirit to fill me so that there is no stronghold left for any demons to enter me. Please Lord by your holy Name and authority and Jesus' sacrifice and Name, expel these demons from me at once. In Jesus' name, Amen"

(You may have to keep praying until it works or you get too tired to continue. You may keep repeating the following line **before and after** each scripture you read aloud:)

I rebuke you evil spirits in the name of the Lord Jesus Christ and I cast you out by the authority of God and the power of the Holy Spirit.

(Here are some scriptures you can read aloud about deliverance):

"Our God is a God of salvation, and to GOD, the Lord, belong deliverances from death." -Psalm 68:20, ESV

"Rescue the weak and needy; deliver them from the hand of the wicked." – Psalm 82:4, NIV

“I will say to the LORD, “My refuge and my fortress, my God, in whom I trust.” For he will deliver you from the snare of the fowler and from the deadly pestilence.” -Psalm 91:2-3, ESV

“You are a hiding place for me; you preserve me from trouble; you surround me with shouts of deliverance.” Psalm 32: 7, ESV

“Yes, and the Lord will deliver me from every evil attack and will bring me safely into his heavenly Kingdom. All glory to God forever and ever! Amen.” – 2 Timothy 4:18, NLT

Prayer of Thanks

(After the demons are gone, you may pray this or a similar prayer):

Thank you Lord Jesus and Almighty God for delivering me from the evil one! You are faithful and true and always take care of me. Please protect me from Satan and his demons. Please keep them away from me, out of my mind, out of my dreams, away from my home, away from my body, out of my body, and away from my family.

I am a dwelling place only for You, Your son Jesus, and Your Holy Spirit. There is no room for evil in this house. Please heal my body from these spirits' damage and rid me of any strongholds allowing them to come back.

Praise You, Lord, for delivering me! Your power surpasses all other. Please send an angel to guard over me and fill me with your Holy Spirit so that I stay full of you always and the evil ones are not able to return. Help me to always resist the devil and he will flee from me. In Jesus' name, Amen

Step 4: Salvation

If you're not already saved, that is high on the priority list! Here is a prayer of salvation if you're ready to give your life to God.

If you're not Christian, you'll need to find a Christian church to go to and a mature Christian to help you start learning. Get involved with the church so you have strong Christians to help!

This week, work on finding a good Christian church in your town that teaches straight from the bible. Ask the pastor or other staff member to help you get started learning about God and Jesus.

"Dear God, Please save me from my sinful life. I believe you are the One True God, the living God who created the world and who made me.

I believe that you sent your son, Jesus, to die for me on the cross, to give his blood to pay for my sins, so that I would be saved.

You said in Romans 10:9 that if I confessed that Jesus is Lord and believed that You raised him from the dead, I would be saved. God, I believe that Jesus is my Lord and Savior and that you raised him from the dead to rule in heaven.

I am sorry for my sins and I need your forgiveness and grace. I will turn away from doing things I know are wrong and will serve You. I give my life to You, God, and because of your gift and mercy, I am now saved. Thank you for loving me so much!

In Jesus' name, Amen"

Step 5: Upkeep

When we cast demons out, even in Jesus' name and on his authority, they can come back and bother us and hurt us if we don't work diligently to keep them away. In fact, Jesus said that if a spirit was expelled and came back to find "the house" (you) empty, it would bring 7 more spirits with it worse than itself and would live in you, making you worse than how you started. (Matthew 12:43-44)

This makes it pretty clear to us that if we don't do our part of keeping ourselves occupied with God, we'll be open to even worse spiritual attack than before!

How do you keep yourself 'occupied' with God? This means reading the bible a lot, praying a lot, talking to God and asking him to fill us and "our house" with the holy spirit, asking for angels to come help protect us, etc. Listen to Christian music, sing Christian songs, get new Christian friends, get rid of the things you know are not pleasing to God and are not part of a godly life.

Never stop praying! Prayer isn't something you do once and it 'covers you'. You have to continually fight against the Enemy, because he will certainly keep trying to hurt you and take you away from God.

The prayer below is one I pray for myself and my children every single night. I also pray it if I hear them cry in the night. You can pray this prayer of protection before bed or whenever you feel afraid:

“Dear God,

Please keep me safe tonight. Please protect me from the enemy and deliver me from evil. Please send an angel to our house to fight for us while we sleep and to fill the house with your glory.

Please don’t let Satan or his demons come near our house, in our house, on our house, in us, on us, around us, in our thoughts, in our minds, or in our dreams.

Please don’t let them give us ideas. Please fill me with the Holy Spirit and with your love and power to fight evil.

This is a house of God and my family serves you only. There is no place for the devil here. Please give us a special blessing and fill our hearts with love for you, God.

In Jesus’ name,

Amen”

Chapter 3:

Problems Demons Can Cause

Demons can cause problems you may have always accepted as “just a part of life”. The good news is that many of these things are not things we have to deal with and accept! Jesus gives us the authority over all the evil spirits, and he even says in the Bible that no power of the enemy will hurt us. (Luke 10:19)

If you’re wondering what kinds of problems demons can cause, it’s easier to provide a full list. Once you start reading through the problems and the names of demons in the next chapter, your mind will start to understand the world and the spiritual battle we’re with a whole new perspective.

Chapter 4:

Who They Are - Names of Common Demons

Before you read the names listed in this chapter, make sure to pray for God's protection and blessing. Even as I typed the list into the manuscript for this book, I began to feel very sick and had to pray constantly for protection.

Note: These are NOT my opinions and do not reflect personal feelings, judgments, or prejudices. These names and strongholds have been provided by both myself and other deliverance ministers all over the world who have cast *these demons with these specific names* out of people.

The fact that certain religions, affiliations, and sexual orientations are listed as names of demons is not my personal opinion. Whether I personally feel these groups or lifestyles are right or wrong, I cannot ignore that a demon with that name has been expelled from at least one person. That means, like it or not, that an evil spirit was using that name and condition to hurt people.

If you think demons are just an “idea” or a “feeling”, think again. It's not unusual to hear addicts or artists described as “facing their demons”, but rarely do the people saying it realize that those people really have living breathing evil creatures on, in, or near them.

Demons are real, they are individuals, they have names, and they have specialties (which, often, you can distinguish by their names). Here is an ever-growing comprehensive list of demon names which I keep adding to as more are cast out and their names discovered.

The names listed are different variations on the translations of the original Hebrew and Greek text of the Bible into English. This is why some listings have 1, 2, or even 3 ways to say the same thing.

Chapter 5:

What Does it Mean if I Dream About Fighting Demons or Casting Out Spirits?

“What Does it Mean to Cast Demons out of People in Dreams?” This is the second most common question I’m asked by people on a daily basis (the first, of course, is if I can help them cast demons out of themselves).

You might have also wondered: What is the meaning of expelling demons in a dream? Why am I casting evil spirits out of people in dreams?

Since these are very common questions, you now know that many people are having the same types of dreams you are about expelling evil spirits. You’re not alone or weird, and nothing is unusual about you!

So what does it mean if you are casting out demons in dreams? There are two main categories that these spiritual dreams fall into, and hopefully reading this section will help you to determine which type of dreams you’re having.

Spiritual Dream Type #1: Attack -
Interacting with demons, spirit presence or
fighting demons one-on-one.

- In these dreams, you are normally afraid.
- In these dreams, you may feel like you are being tricked (things are disappearing, you hear strange noises but don't see anything, people changing from looking like one person to looking like a different person, etc.).
- In these dreams, you may be in a place from your past or with people from your past, especially an ex-boyfriend or ex-girlfriend or ex-spouse.
- You may be with people in your dream who are dead, like relatives or friends.
- You may be with familiar people in your dream that give you a bad feeling like something is wrong. Usually, as soon as you have this bad feeling, they will change into someone else right before your eyes, like a monster, an animal, a beast, or an indescribable creature.
- You might be physically fighting with a monster, a creature that looks like a person, an animal, or fighting with an invisible attacker.
- These dreams often have common settings: your bedroom, your house, a relative's house, or a house you used to live in.

- In these dreams, your family is often in the same house with you but they are in different rooms than you are. Your family may be sleeping but you are awake in the dream.
- You may be in your bed in the dream or see yourself in your own bed.
- You might be praying or holding a cross for protection. The demons normally don't leave or, if they do, you will keep having the dreams.
- You may or may not be Christian or saved.

This type of dream almost always means that a demon or several spirits have strongholds on you, have access to you and are playing with you, trying to hurt or scare you, or attacking you.

Take Action: You need deliverance right away to remove the access the spirits have to you. Turn to page 6 and go through the quick steps for deliverance right away.

Spiritual Dream Type #2: Casting Out -
Casting demons out of others or people in
dreams being possessed by demons and
needing your help.

- In these dreams, you normally have a feeling that something is wrong or doesn't seem right, but you don't feel scared or afraid.
- The other people in the dream may be afraid and are coming to you for help.
- The people in these dreams are normally people you don't know.
- These dreams often have common settings: churches, public places, schools, on a stage, in a circle of people around the edges of a room, and large crowds.
- You may feel strong or confident that God is helping you with His power.
- You know what to do by calling on God and casting out the demons in Jesus' name.
- You are usually Christian and saved, but not always.

Take Action: This type of dream usually means you have been chosen for a special focus in your ministry – expelling demons.

If you have had these types of dreams in which you were casting out demons or spirits, it's important to know that you've been chosen by God for a very special job. Casting out demons is something that every Christian is charged to do:

“And these signs will accompany those who believe:

*In my name they will **drive out demons**;*

they will speak in new tongues;

they will pick up snakes with their hands;

and when they drink deadly poison,

it will not hurt them at all;

they will place their hands on sick people,

and they will get well.”

-Mark 16:17-18, NIV Bible

While every follower of Jesus is given this job and this power over Satan and his demons, much of the Christian church today has stopped teaching about it. Many people do not know what deliverance is, how to cast out demons, or even that it is our responsibility to expel demons in Jesus' name!

Because you likely won't hear about this in your Sunday sermon at church, God is calling people all over the world to this responsibility through prophetic dreams. Yes, the dreams you've been having about casting out demons are prophetic: God is showing you what you are capable of doing with His power and what you will soon be doing for His glory.

So first, having these dreams about casting out demons is to alert you to your Godly calling. But that's not all.

It Means You Have Started Your Training – The First Ones Will Seem Like Dreams

Battling demons in your sleep may seem like a dream because you are asleep and things are happening. However, it is most likely that your first demonic encounters will be while you are sleeping. These dreams that you are having are real, the fights are real, and the power God gives you during them is real.

You are learning to cast out demons in a dream situation where the Holy Spirit controls how difficult the encounter is and how long it lasts. Casting out demons is physically and emotionally taxing and can leave you exhausted, even after a full night of sleep. People often tell me they feel drained, sore, tired, or worn out after a night of spiritual warfare.

In my experience, the dream training for casting out demons in dreams starts out with relatively easy demons that leave quickly, then progresses as you get stronger to tougher demon fights that take longer.

The situation in your early dreams will likely seem like a dream: it will take place somewhere else and have other people around you in the scenario.

God will not give you harder dreams for casting out demons than what you can handle. In my experience, He will give a few nights in between dreams so you can rest and recover to get back your strength for the next fight.

On a night when you are especially tired from your normal day's activities, make sure you pray before you go to sleep and ask God to please let you skip tonight in order to get more rest. He listens – I know because I have done this when I feel I don't have enough energy to do my best!

**It Means You'll Move Onto the Next Step –
Casting Out Demons While You Sleep but
are Not Dreaming**

The next part of this progression, from both my own experience and that of others, is that your dreams of expelling demons will change. When you are ready, you'll be casting out demons while you are asleep but NOT DREAMING. What does this mean?

It means you will probably be sleeping, lying in your bed, with your husband or wife lying next to you, having words with a demon for possibly hours in your OWN BEDROOM. This is not a dream- it is real, even though you are asleep.

Demons can do a role reversal, which can be really angering or upsetting the first time it happens to you. In a role reversal, you will see yourself and your

spouse lying in your bed and you may even see yourself talking. You might feel like you are floating in the air and looking down on yourself.

This is a bad thing. What it means is that you are seeing yourself through the demon's eyes, and it may even be making its own words come out of your mouth. It has gone into you.

The reversal will usually end as soon as you realize what is happening. Usually, it will startle you so much that it will end and you will sit up in bed.

If you realize the demon has reversed roles with you and you don't immediately wake up, *take action right away*. If this happens to you, it's important to realize it and speak about Jesus firmly. Be stern with the demon and bind it immediately (say, "I bind you in heaven as on the Earth in the name of the Lord Jesus Christ"), then command it to leave you in the name of the Lord Jesus Christ.

It Means You'll Start Seeing Demons
While You are Awake –
Be Ready to Fight Them

This dream training for casting out demons is not for nothing. God will grant you discernment if you pray for His help, allowing you to see demons in your everyday life and know when people are not acting under their own control.

You should be thankful and pray to the Lord, thanking Him for this gift right now! You are being trained to go forth and do Jesus's work of expelling evil spirits and preaching about the coming salvation!

Chapter 6:

Fighting Demons: The Powers They Have and How They Get In

Demons are strong and intelligent, which means they try to defeat us with both mental tricks and physical force. Here are some of the abilities and powers that spirits have:

- ❖ Demons have superhuman strength.
- ❖ Demons are shapeshifters: they can look like anyone or anything.
- ❖ Demons can create smells, music, colors, fog, smoke, sounds, light, and shadows where there are none.
- ❖ Demons can put ideas in your mind.
- ❖ Demons can make you remember or dwell on things you try not to think about or want to forget.
- ❖ Demons can be invisible.
- ❖ Demons can go into people or influence people to talk or act a certain way.
- ❖ Demons can move, break, or hurt physical objects and people.

Places Demons Get Into Your Body

Spirits can get into your body in different ways. Some of the most common entry points are:

- ❖ Ears
- ❖ Eyes
- ❖ Mind
- ❖ Mouth
- ❖ Physical injury
- ❖ Private areas of the body

Events That Demons Use to Enter Your Body

Demonic entry can be pinpointed to many common events. Here is a list of things that may have happened to you during which a demon had entry.

Traumatic physical injuries. Serious trauma to your body or mind can often be pinpointed as a moment of demonic entry. Some of these include:

- ❖ A violent birth
- ❖ Car accidents
- ❖ Giving birth with complications or having a miscarriage
- ❖ Head injuries, concussions, comas

- ❖ Major blood loss, hemorrhaging, internal bleeding
- ❖ Near drowning

Blood transfusion. Demons can attach themselves to blood, even before or during donation by a blood donor. If you have to have a blood transfusion, pray before or have someone else pray over the blood for cleansing and to cast out any evil spirits which might be attached to it.

Loss of self-worth. Demons can use events or moments which strip away your self-worth and feeling of usefulness as a human being to attack you. Some of these include:

- ❖ A relapse into any addiction
- ❖ Being a stripper or exotic dancer
- ❖ Depression
- ❖ Having your children taken away or run away
- ❖ Loss of a job
- ❖ Prostitution
- ❖ Suffering mental or verbal abuse

Traumatic emotional or life-changing events. Anything which is life-changing and devastating to your emotional well-being can be an event used by evil spirits to gain entry to you. Some common events are:

- ❖ A parent abandoning you or giving you away

- ❖ Being caught in a natural disaster
- ❖ Being involved in or exposed to war or fighting
- ❖ Divorce or a spouse or partner leaving you
- ❖ Losing your home or job
- ❖ Your child dying
- ❖ Your house burning down
- ❖ Your parent dying
- ❖ Your spouse dying

Violence or crime done to you or by you. If a violent or invasive crime has been done to you or you have committed a crime, chances are that one or more demons entered at the same time. In these cases, the demons may be coming out from the attacker and into you. Some common violent events used as demonic entry include:

- ❖ Animal attack
- ❖ Being strangled or choked
- ❖ Having an abortion
- ❖ Murder of someone close to you or attempted murder of you
- ❖ Physical assault
- ❖ Rape, child abuse, or sexual assault

Chapter 7:

Signs That a Demon or Evil Spirit is Leaving Your Body

All of the following may be signs of a demon leaving your body. Of course, since most of the below symptoms are normal bodily functions anyway, you'll know there is something different and significant if they happen when you are either having demons cast out, praying, being prayed for, around people who are praying, or at church.

Signs That a Demon or Evil Spirit is Leaving Your Body

- ❖ A strong wind coming out of your body
- ❖ Blood vessels bursting under the skin in one part of your body
- ❖ Burping
- ❖ Convulsing
- ❖ Coughing
- ❖ Intense pain in one part of your body
- ❖ Pressure through any part of your body
- ❖ Screaming
- ❖ Shaking

- ❖ Shouting or swearing
- ❖ Sneezes
- ❖ Uncontrollable laughing
- ❖ Uncontrollable movements or jerking of your body or a specific body part
- ❖ Yelling

When the demon or demons are gone from your body, God will give you a knowing and a certainty of what has just happened. You'll have no doubt that God has just delivered you from Satan's evil helpers. Immediately praise God and Jesus and thank them for their mighty hands and strength!

Be aware that **many demons will try to gain re-entry after they have been cast out of you**, and as the Word tells us, they will bring friends. It is interesting to note that they will usually try to get back into your body the same way they came out. If one came out through your eyes, it will usually try to get back in through your eyes.

To fight off their attacks, pray constantly and keep yourself filled with prayer and read God's Word to safeguard your body and your mind against evil spirits.

Chapter 8:

Why the Dead May Not Really be Dead

I was given a dream from God last night and the Holy Spirit gave me the interpretation as well.

Yesterday, I read a news article about an Australian baby who was born, pronounced dead, then 2 hours later came back to life (August 27, 2010).

After telling my husband about the newspaper article, he pulled up a news story on AOL news about a premature baby in Mexico that came back to life inside its coffin as it was being buried (August 6, 2010).

I went to bed with a feeling that something wasn't right about those stories. I didn't pray to ask for clarification, I just went to sleep. God gave me the answer anyway in a dream.

A Dream About a Dead Woman

In my dream there was a teenage girl in an indoor swimming pool. The girl was standing upright in the water and her head was hanging down with her face in the water. She was dead and had been dead in the pool for 7 days. Everyone knew she was dead so they just left her there.

I walked over to her and grabbed the back of her hair, pulling her head up out of the water so that I could see her face. She opened her eyes and looked at me and started to talk, but it was the demons inside her which were speaking.

I pulled her out of the water and people took notice and came over. With their help, I began rebuking the spirits inside her and casting out the demons. The demon that had done this to her was named Death, which I knew because in the process it told me its name.

I cast out the demon Death, and there were other smaller ones that it was protecting as well. The process of expelling the first demon took the longest, and it was a long and tiring battle. It fought and fought and did not wish to leave her. The power of God frightened it so much that the demon finally went out, and then the others left without a lot of trouble.

Afterwards, the girl was dried off and dressed, and we sat on the steps of a staircase talking. She was talking and acting normally, as if nothing had happened to her at all. It was as if she had not even been dead at all, let alone for 7 days.

The Dream's Interpretation from the Holy Spirit

The Holy Spirit interpreted God's dream for me instantly, and I woke up and praised God for his faithfulness!

Here is the interpretation: Sometimes when people die, they are not really dead. They have been entered by the demon named Death, which is an actual spirit creature. What it does to people is it makes them appear to be dead. It causes their bodies to cease exhibiting outward signs of life. A doctor examining them will find no pulse, no heartbeat, no breathing, and no warmth. Their bodies will go cold and begin to stiffen, just as a body who is actually dead.

But this is a type of paralysis – a hold. The person may be aware and awake inside or may just be “paused”, or unconscious.

They may be “dead” for hours, days, or even a week. The supposed “dead” person may still really be alive even after being refrigerated in an icy morgue.

The demon can hold on long enough that it actually kills the person. As in the case where a person pronounced dead is sealed into a coffin, they can actually suffocate from lack of oxygen.

Many times, the person who is believed dead will “come back to life” in the funeral home or at the burial service at the cemetery. The reason for this is because the amount of praying going on and the presence of the Holy Spirit with those gathered together to pray **forces the demon to let go** – the people unknowingly cast the demon Death out with their prayer.

The arrival of the body at a church for a funeral service may be what pushes the demon over the edge. At that moment, the dead person seems to come back to life, because the demon Death has been forced out of their body.

When they “died”, it may have appeared to be a heart attack, or a newly born baby that appears to be gasping for air. The reason for the apparent struggle is because the demon is taking hold of them and there is a fight going on inside. Many times, a doctor will find no illness or cause for them to have “died” in the first place.

This does not mean that the formerly dead person will not really die again, such as in the case of asphyxia from being confined (as mentioned above). Jesus told us that a spirit would try to return to a person who had had demons cast out,

but would bring more demons with it the 2nd time and would make it worse on the person than before.

Demonic attack is not a natural death. They do it to be funny, to play games and trick people, and mostly for their own sick amusement. It's also enjoyable to them when the doctor in charge gets in trouble for something that wasn't their fault.

God instructed me that we should all pray for discernment if we are ever in a situation like this. Do not trust the physical outward signs of life or death as your indicator; instead, pray for God's discernment to know if the person has truly died or is being held captive by the demon of Death.

If you sense that a demon is at work, you will do better to cast the demon out of your loved one instead of spending that time grieving. The faster you act, the sooner they will be back with you.

To cast the demon out, first pray for God's power and His Holy Spirit to assist you. Then tell the demon that you are filled with authority by Jesus Christ to expel him from the person. Tell the demon that they are not welcome in this follower of Christ and rebuke him. Tell him you bind him and prevent him from harming this person anymore. Cast him out in the name of Jesus and the Almighty one true God.

This process may take a while; I've had wrestlings with demons that lasted for hours. Be patient and cast the demon out by name. If there are others with him, ask for their names. They must answer you and they know it.

They will normally only leave one at a time, meaning you have to do the whole process for each one. You might get tired, so have another strong Christian

with you that can take over to give you breaks. Quote scriptures, quote Jesus, remind the demons over and over that YOU were given authority over them and you can make them leave by God's power and Christ's permission.

Dead Coming to Life More Common Than You Think

There are many more cases of people supposedly dead coming back to life at the funeral home or cemetery (of course these are in places that do not require bodies to be embalmed). This is called the Lazarus Syndrome.

- Polish beekeeper, Jozef Guzy, 76, was pronounced dead of supposed heart attack. Guzy came back to life in his coffin 3 hours later when the funeral director found a pulse accidentally. He said, "Something touched me to touch his neck," which is how he found the dead man was really still alive. Doctors failed to find anything wrong with him!
- Jose Alvarenga in Paraguay had his baby die after birth. The staff tried to revive the baby for 1 hour before declaring him dead. Four hours later, the father opened the box holding his baby's remains to say goodbye and discovered his baby was alive.
- 23 year old UK man comes back to life a half hour after pronounced dead.

Chapter 9:

Questions & Answers

Question: What symptoms can people have who are being hurt by demons?

A reader wrote in to me that one of their church members was possessed with Hindu demons and when they prayed for her, the demons laughed, screamed, coughed, and gave her pains in her head and abdomen.

Different demons have different reactions and manifestations. Be prepared for anything, including laughing, crying, coughing, spitting, throwing, picking up heavy objects, swearing, throwing or pushing people or furniture, vomiting, illness, unable to eat, violent pains, speaking in foreign languages, knowing secrets about people or places that the person doesn't know, and more.

Question: If you have multiple spirits, do they leave at the same time during deliverance or one at a time?

When one person has multiple demons, they may leave at the same time or you may have to repeat the whole process for each one individually. Sometimes it's just a matter of wearing the demons down until they can't stand anymore and leave. For this, I like to open one of the books of the gospels (Matthew or Luke are good ones) and just start reading it out loud after the casting out deliverance prayer has been read.

Question: Do demons bother anyone from any religion?

Yes, this happens to people of all religions. There is only one way to get rid of them, though, and that's with the power of God and the name of Jesus, which is the name above all names (Philippians 2:9).

Question: I'm not a Christian and I have problems with evil spirits. Do I need to become Christian?

If you're a religion other than Christian (or don't practice any religion) and you are troubled by ghosts or spirits, you will want to learn more about God and Jesus and how they can help to get rid of the problem and keep them away.

You do not need to be Christian or be saved to have your demons cast out. To keep your demons away afterward, you will need to become a Christian, get saved, and give your life to the One true God.

Some religions have demons which are harder to cast out. Hindu demons seem to be stubborn and not want to come out the first time around. It may take an especially long session of repeating yourself, of praying and commanding them out, and of reading scriptures. One of my favorites is Luke 10:17-18.

Being saved by Jesus is a life changing event! If you'd like to learn more about how you can have Jesus' gift of forgiveness and a brand new life, please find a Christian church in your area with a pastor you can talk to as soon as possible. If there are no Christian churches near you and you don't have a bible, you can start reading the bible at <http://bible.cc>.

Question: I have problems with schizophrenia / hearing voices but I believe it is really demons responsible for my condition. Is this possible?

The devil's greatest success is making people believe that he doesn't exist. I believe that many cases of schizophrenia are really caused by demons. Remember that I am not a medical professional and am not offering medical advice, this is simply my belief as a Christian and an ordained minister.

Often, schizophrenia involves hearing voices which you can talk to and they can answer you. Demons can talk to you, even when you don't want them to. They can answer you because they are living creatures. When demons talk, it may be loudly, quietly, or all at once (which may sound like a room full of people having separate conversations or like several people whispering to you).

God is faithful and true to deliver His servants, so don't be afraid! If you have a deep down feeling that evil spirits are the cause of your condition, it is possible that God has given you the discernment to know what is wrong so that you can find out how to make it right. You'll find the deliverance prayer in this book very helpful for casting out these mental health demons. You'll use it to read out loud a very detailed prayer for deliverance (it pretty much covers all the bases for what is allowing the demon(s) to hang on to you).

If you believe that your medical treatment and/or medications are not helping the problem because demons are actually responsible, then do the deliverance prayer in addition to your regular course of treatment. Prayer cannot hurt and if you are right, it can only help you by solving the problem.

Be strong in the Lord!

Question: Is it possible that demons are trying to ruin my life?

Unfortunately, the answer is yes. If it seems like you've had a long string of things going bad for you, your family, or your surroundings, it is possible that you are part of an ongoing demonic attack.

I am frequently contacted with stories from ordinary people who have even seemingly good things go wrong every time without exception. If you're on one of these "bad luck" streaks, chances are that it is not an accident.

Question: Can demons give me angry thoughts?

Yes, a demon of anger, rage, violence, malice, or many others can give you angry thoughts. One reader labeled "clinically depressed" had been told by his Christian therapist that his strange thoughts were fear and anger, but he told me he knew they were actually demons and that he needed deliverance from them.

Remember that not all Christians believe in spiritual warfare. And not all mental illness is really a demonic influence.

Question: I have spirits which talk in my house. They don't do anything bad, but they disturb things in my house and make noises. Are they good or bad spirits?

A reader wrote in that she had good, happy spirits in her house which she did not think were demons. They would laugh, talk to her, lay down in bed next to her and make groaning noises, and more. She said that she even heard a spirit “child” drawing at her kitchen table. She started getting less sleep because of all the disturbances (hearing the spirits walking around in flip flop shoes, loud voices shouting, dropping heavy things in her kitchen, etc.).

The reader asked me if these spirits were from Jesus, since the Bible tells us that he appeared to people after he was resurrected. I let her know some quick easy ways to tell the difference between angelic activity and demonic activity.

The only way you'll be able to know the true nature of these spirits is to pray and ask God to tell you. Angels are generally busy doing God's work as assigned. Demons, or unclean spirits, are idle and have nothing to do but cause trouble, “play” with humans by making noise, moving things, keeping people awake at night, causing you to have strange feelings, making you talk to them, etc.

Many times this kind of “interference” by demons might seem harmless at first to put you at ease, while you start to gain trust in them that they are good and you start to wonder if they are really good or bad. This often happens with children too, where spirits start out acting friendly with them (even appearing as other children to them or imaginary friends) and later show their true colors.

My advice as a minister is to start praying real honest prayers asking God to let the Holy Spirit show you the true nature of the spirits in your house. Ask God to cast out any evil spirits from your home immediately and keep them away.

You can use the deliverance prayer to read out loud, but adapt the words to casting demons out of your house, not out of yourself.

Even the demons that play nice in the beginning can get very mean and dangerous quickly when you are making them leave by Jesus' authority!

Question: Can a demon be attached to an item or a place? Is this what haunted houses are?

Yes, demons can be attached to things or places as well as people. Haunted houses are either cases of demons taking up residence in a place or following a person no matter where they live.

One reader had demons in her house after having new windows installed. In her case, the spirits could have had an attachment to the glass from the windows or even one of the individuals who installed them. Strongholds (things which give demons a way to bother you) can be attached to things, even the glass from which windows are made.

Demons can be attached to dolls (probably a reason so many "demonic doll" movies have been made), dishes, antiques, clothes, and almost anything else you can think of.

You can certainly cast demons out from your house, especially if the stronghold has nothing to do with anything you have done, but instead is an item brought to your house (and it's not like you can just get rid of your windows!).

If the demons are attached to your house or an item, just change the words in the deliverance prayer to cast the demons out from the place or object. If it's something you don't need anyway, it certainly wouldn't hurt you to throw away the item after you cast its demons out.

One woman I helped with casting out demons from some antique goblets she bought at an auction had a shocking story. When she realized that the glass goblets were a stronghold for the demons in her house, I advised her to get rid of them immediately. She took them outside and set them on fire, intending to burn them. To her surprise, they went up in a puff of smoke and were gone! If she had any doubt that those goblets were a demonic stronghold before, she certainly didn't afterward.

Question: I died and was brought back to life in a hospital, but I came back with demons in me. Is this possible and what should I do?

One woman wrote to me with this question, and I could relate because I had a similar personal experience. I had a similar issue which involved almost dying, being saved during surgery with a blood transfusion, and coming back with an unclean spirit that had to be cast out by my husband *while I was in the hospital*.

Many traumatic experiences, like dying or almost dying, give demons a way to attack you when it is beyond your control. Since you are probably still weak from recovering anyway, you will need help from other Christians to go through the deliverance prayer with you. Read the binding immediately to bind the spirits and then find help to complete the deliverance.

Question: Witchcraft curses have been put on me and my family. Is God stronger than these curses and will deliverance really work to get rid of the evil spirits?

A reader wrote in that a witchcraft curse was done to her and her husband 9 years ago and that she has had trouble ever since. Her husband left her and filed for divorce. She had tried exorcisms by pastors and prayed a lot, but was not able to cast the demons out. This is why she worried that maybe the magic from the witchcraft curses was stronger than God's power.

During the exorcisms, demons would manifest themselves, screaming, cursing, crying, and making her burp, yawn, and vomit. The demons would continue to torment her after the casting out (since they had not all left) by making her feel insects crawling under her feet, feel stuck by pins, and have burning and scratching feelings.

We know that the effects she felt during the casting out are all symptoms of demons leaving the body (see Chapter 7 for a complete listing). This probably means that she had a lot of spirits in her because of the curses on her and not all of them left. Some may have even come back afterwards if she was not doing the upkeep of keeping spiritually full of the Lord.

The good news is that God's power is greater than all magic put together! If we look back to the magic practicing men in Egypt from the old testament, we remember that Moses' snake ate up the magic men's snake. This was a demonstration that the true God made everything and His power is the most powerful of anything on Earth!

Two important parts of deliverance when you are dealing with witchcraft or magic curses done to you are:

- ❖ Breaking the curse(s)
- ❖ Renouncing the magic and breaking any connection you have to it

Chapter 10:

Dangerous But Good Website

Before God called me to cast out demons, I had no idea how widespread the need was. A look at the map of just the last 1,000 visitors to my website, DangerousButGood.com, shows what a worldwide problem this spiritual warfare is.

You can see all the red dots below which mark the locations readers are visiting from. It appears that most countries with internet access need the same help with demons and evil spirit-related problems.

People in all countries worldwide need deliverance from evil spirits and demons, and they're finding me to ask for help.

Since launching the site, the web searches that have brought people to Dangerous But Good are very telling. Every day all over the world people are searching for:

- how to cast out demons
- casting out spirits of drug and alcohol addiction
- how cigarette addictions are caused by demonic influence
- how to fight evil spirits in dreams

...and so much more. It is clear that demonic forces are increasing their efforts and stepping it up a notch now since we are living in the end times. People everywhere know they need help, and the time is now.

Why I Started the Website

One day, God gave me a knowing that I had a demon problem which had to be taken care of. I was already an ordained Christian minister, so this came as a surprise to me. God also told me that I was to help others by casting out demons, and lots of them.

Before I could help others to expel demons, I had to receive help myself (but that is another story for another time). Now, God has charged me to help cleanse people by deliverance so that they can make their own choices about

accepting Christ (something they can't earnestly do while under demonic influence).

God's direction led me to create the DangerousButGood.com so that I could give people the answers to these common spiritual questions which would be available for free anywhere in the world day or night.

Acknowledgements

I want to thank the One true God, my Holy father and Lord of my life for letting me accomplish the writing of this book. Thank you for Jesus coming to die for us and giving us the greatest gifts of all – your love, grace, and salvation!

I am proud that my first published book was written not about my earthly endeavors, but about God's work. With our busy lives, it can seem hard to put God's work first before jobs, home, chores, and all the busyness of life.

Thank you to my husband, Michael, for taking over with home and family while I wrote this book and for his continuing support with my ministry.
